

CRITICAL INFORMATION SUMMARY

ADSL Freedom Bundle & ADSL Freedom Bundle (Off Net)

INFORMATION ABOUT THE SERVICE
ADSL Freedom Bundle and ADSL Freedom Bundle (Off Net) plans are bundled plans which include an ADSL service and a fixed line service.

This plan comes with all included data each month so there will be no excess usage charges.

More information about the service

This offer is a bundled service and includes an ADSL service and a standard fixed line connection. To be eligible for a bundled service you must have an active voice and data service at the same address and on the same account.

Hardware & Equipment

No hardware is included in this plan.

A modem is required to use this service.

Bendigo Bank Telco offer will provide you with your username and password for you to configure your modem. It is your responsibility to configure your own modem. We cannot support modems not supplied by BBT.

It is your responsibility to ensure your own modem is compatible with this service.

Alternatively, Bendigo Bank Telco can supply and configure a modem. Please call 1300 737881 for pricing. Supplied modems from Bendigo Bank Telco are fully supported.

You will require a standard analogue handset to use your ADSL Freedom Bundle and ADSL Freedom Bundle (Off Net) service.

Service Availability & Pricing

Service availability is dependent on geographic location. Broadband zones are based on the industry's current zoning of Telephone and Broadband exchanges. On-Net covers most metro areas, while Off Net services are generally located in regional areas. To confirm which zone applies to your broadband service, please speak to a customer service representative.

Broadband Speeds

We will always connect you to the highest available speed. Where possible this will be an ADSL2+ connection and where ADSL 2+ is not available to you will be provided with an ADSL 1 service.

Broadband speeds are impacted by a range of factors including the length and quality of the copper line between your premises and the exchange, your computer's set-up, the quality of your broadband modem and line filter. The number and type of services being used in your area as well as the configuration of any computer you are trying to access can also impact the speed.

Installation Charges

These plans include a standard installation.

Installation charges apply when connecting a new fixed line service. The connection charge will vary depending on whether a technician is required to attend the site to complete the connection and if cabling work is required.

Connection & Restoration Timeframes

Where you request a new connection we will endeavour to connect the service on the date requested. All service connections are subject to appointment availability.

The Customer Service Guarantee (CSG) sets out minimum performance standards in relation to service connection times, fault repair times and keeping appointments.
